Southampton 2030

Planning for the Future

Keynote Speaker: Catherine Ratté, PVPC

Southampton 2030

Planning for the Future

Ground Rules for Small Group Discussions

Guiding Principle: Mutual Respect of All Participants

- Listen carefully to others. Do not interrupt or dominate the discussion. Everyone's opinions and feelings are important.
- Respect other points of view, even if you don't agree.
- Speak openly and honestly from personal experience.
- Do not criticize other people or rehash past conflicts.
- Don't argue over facts. Agree to disagree until an answer is found.
- When disagreement occurs, acknowledge that conflicts exist and try to understand the other point of view.
- Focus on areas of agreement and try to expend them.
- Keep an open mind.
